Optimization At A Glance

- "Corn gluten meal" name changed to "corn **protein** meal".
- Zeolite name change from "sodium silico aluminate" to "sodium aluminosilicate".
- Marine microalgae oil added as an additional omega-3 source; total omega-3 increased 18%, EPA+DHA increased 30%.
- Crude fiber increased 32%.
- High palatability claim was removed from packaging, but diet remains highly palatable to satisfy decreased appetites.
- Microbiome claim added: "Formula with selected prebiotics to support a healthy gut and intestinal microbiome."
- The kcals per cup changed from 396 to 394.
- **For sensitive pets, a 7 day diet transition is recommended.**
- Please reference our latest Product Book or call a Nutritional Advisor for additional details.
